

Stay Loose-crd

(G) If you've got a heartache
 Of the kind that will not pass by
 (Am) Even if you don't see the end
 Of what (Am7/D) lies beyond the (G) bend
 Don't stay that way
 It's all in a day believe (G) me
 (Am) Even the best of (Am7) dreams must (Am7/D) end
 Even (D) so it grieves me

(C) Stay (D) loose, (Bm7) don't (C) fight it
 Let it (D) take you (Bm7) all the (Em) way (D) and
 (C) If it's (D) wrong, (Bm7) you will (C) right it
 Do not (D) waste these (Bm7) hours a(C)way (C/D)

How many times have I told you
 These are the tears I've shed
 Could it be that I need help
 Is it maybe I've come undone
 And one thing more
 You know it don't come easy
 Even the best of friends must part
 Even so it grieves me

Stay loose, don't fight it, let love take a holiday
 If it's wrong, you gonna right it, do not waste these hours away

Soon the storm will be over
 And the clouds will all pass by
 To be insane beyond belief
 Is sometimes the best relief
 And one thing sure
 Love never did come easy
 Even the best of dreams must end
 Even so it grieves me

Stay loose, don't fight it, let it take you all the way and
 If it's wrong, you will right it, do not waste these hours away

Stay loose, don't fight it, let love take a holiday
 If it's wrong, you gonna right it, do not waste these hours away
