

Talking In Your Sleep-crd

(C) (Em7) (Am) (C/G) (F) (Fmaj7) (G)

(C) I heard you (Em7) talking in your (Am) sleep
 Is there (C/G) anything that I can (F) do (Fmaj7)
 I don't believe we've (C) had a word all (G) day
 'Bout any(C)thing at all
 I heard you (Em7) talking in the (Am) night
 That's (C/G) right, yes I (F) heard you call (Fmaj7)
 Though I could hardly (C) hear the name you (G) spoke
 It's a name I (C) don't recall (G)
 (F65-) I heard you softly (C9+/E) whisper
 (F65-) I reached out to (E) hold you near me
 (Am) Then from your (C/G) lips there (F) came that (C/E) secret
 (F) I was (C/E) not supposed to (Gsus4) know (G)

I heard you talking in your sleep
 Is there anything that I can say
 I don't believe we've had a word all day
 'Bout anything at all
 I heard you talking in the night
 That's right, yes I heard you call
 Though I could hardly hear the name you spoke
 It's a name I don't recall

I heard you talking in your sleep
 Is there anything that I can do
 I don't believe we've had a word all day
 'Bout anything at all
