What(G)ever you (D7sus4/G) think of me, (G) I'm still your (C/G) friend
 So (G) other than (D7sus4) nothing what's (G) new (D7sus4/G)
 The (G) water's still (D7sus4/G) flowing, through the (G) rose on my (C/G)
 skin
 (G) This here tat(D7sus4/G)too is for (G) you (F6)
 The (Em7) boys at the parlor down(Bm7)town
 Didn't waste any (C) time (C/B) putting it (Am7) down (A7)
 (G) Time has been (D7sus4/G) wasting a(G)way I can (D7sus4/G) see it
 Go (Em) sailing on (C/E) by as it (Em) slips through my (D/F#) fingers
 The (G) bow and the (D7sus4/G) wave never (G) wait for to(D7sus4/G)morrow
 They (Em) just keep on (C/E) rolling as (Em) straight as an arrow
 Good(G)night (D7sus4/G) (G) (D7sus4/G) (G)

Girl of my dreams, you get better each day
 I wish I could see you somehow
 Girl that I love is there no other way
 This here tattoo is for now

I'd been out drinking all day
 I got carried away at the parlor last night
 This summer rose is for you it's no wonder
 I bothered to wander back into the parlor
 It's red and in bloom and it's more than one color
 It lives on forever for just a few dollars, good night

Whatever you think of me, I'm still your friend
 So baby whatever you do
 Now that it's taken its permanent home
 This here tattoo is for you

The boys at the parlor downtown
 Didn't waste any time putting it down
 Time has been wasting away, you know time doesn't
 Wait for nobody to find what they're after
 It just keeps on rolling on down the deep canyons
 And through the green meadows into the broad ocean, good night

Whatever you think of me, I'm still your friend
 So other than nothing what's new
 The water's still flowing, through the rose on my skin
 This here tattoo is for you
 The water's still flowing, through the rose on my skin
 This here tattoo is for you
