

I'm Living In Two Worlds

Album: Don't Come Home A Drinkin'

I'm living in two worlds dividing my time
Unhappy in your world and lonesome in mine
When I'm in your world I just pretend that I'm really happy though I don't
fit in
Then I drift in my world so cold and alone I'm living in two worlds where
do I belong
I'm living in two worlds...
[piano]
Old friends in your world are new friends to me
So I can't take part in your old memories
Our love shared in two worlds that don't turn the same
We both have our own worlds and neither can change
I'm living in two worlds...
