Am7 / / / | F7 / / / | Dm7 / / / | C / E7 / | continues throughout song  
 Verse and chorus are the same

(For the pre-chorus or B-section he leaves out the Dm7 chord and plays the E7 chord down 5 times)

Well let the geek in the pink take a stab at it  
 If you like the way I'm thinkin' baby wink at it  
 I may be skinny at times but I'm fat fulla rhymes  
 Pass me the mic and I'm a grab at it  
 Isn't it delicious crazy way that I'm kissin'  
 Cause baby listen to this don't wanna miss it while it's hittin'  
 Sometimes you gotta fit in to get in  
 But don't ever quit cause soon I'm gonna let you in but see

I don't care what you might think about me  
 You can vibe without me if you want  
 I could be the one to take you home  
 Baby I could rock the night alone  
 If we never get down it wouldn't be a let down  
 But sugar don't forget what you already know  
 I could be the one to turn you on  
 We could be the talk across the town  
 Don't judge me by the color, confuse it for another  
 You might regret what you let slip away

I'm the geek in the pink pink pink  
 I'm the geek in the pink yeah

Well this relationship fodder don't mean to bother nobody  
 But Cupid's automatic musta fired multiple shots at her  
 Because she fall in love too often that's what the matter  
 At least I talk about it keep a pattern of flattery and  
 She was starin' through the doorframe  
 Eyeing me down like already a bad boyfriend  
 Well she can get her toys outta the drawer then  
 Cause I ain't comin' home I don't need that attention, see

I don't care what you might think about me  
 You'll get by without me if you want  
 I could be the one to take you home  
 Baby we could rock the night alone  
 If we never get down it sure would be the let down  
 But sugar don't forget what you already know  
 I could be the one to turn you on  
 You could be the talk across the town  
 Don't judge it by the color, confuse it for another  
 You might regret what you let slip away

I am more than you're thinking  
 Hey look at me go From hero to zero  
 Oh, take it from a geek like me  
 I can save you from unoriginal dum-dums  
 Who wouldn't care if you com...plete him or not

So what I've got a short attention span  
 A coke in my hand  
 Because I'd rather have the afternoon, relax and understand  
 My hip hop and flip-flops it don't stop with the light rock  
 A shot to mock you kinda puts me in the tight spot  
 The hype is nothing more than hoo-ha so I'm  
 Developing a language and I'm callin' it my own

So take a peek into the speaker and you'll see what I mean  
That on the other side the grass is greener

I don't care what you might think about me  
You'll get by without me if you want  
I could be the one to take you home  
Baby we could rock the night alone  
If we never get down it wouldn't be the let down  
But sugar don't forget what you already know  
I could be the one to turn you on  
We could be the talk across the town  
Don't judge it by the color, confuse it for another  
You might regret what you let slip away

I'm the geek in the pink pink pink  
I'm the geek in the pink yeah  
I'm the geek in the pink  
All y'all geek is the new color for fall
