

Love-Lux Occulta - lyrics  
Love-Lux Occulta

Her name was Water  
Fire was His name  
You can still walk their traces  
In the forest of delights  
Two first lovers ever  
Heaven-She & He-Hell  
Two so different elements  
Caught in equilibrium

Yes, yes, touch gently my skin  
Let the blood boil in your heart, in your veins  
Dance with me  
Dance on me  
Let me show you how do I look inside

O, mightiest Queen  
Wearing crown of roses  
Give me the blessings  
With your sacred fruit of love  
O, mightiest Queen  
To thee I bow  
I am the servant  
Of your nakedness

Love is the Law  
Love is for the Strong  
Warriors - if you can see my Naked Sword  
Kings - don't we all have the Throne of Dreams  
Angels - can't you see the shadow of my Wings expended ?
