The World Turns All Around Her-The Byrds

D C G D

D C G D
 Well if you think she's everything you could want
 D C G D
 And if you think she's everything that could be
 Em C A
 Well I still think the world turns all around her
 Em C D
 And I still wish that she belonged to me

D C G D
 I don't know how I ever could thought that
 D C G D
 I'd let her go and still be just the same
 Em C A
 Well I found out my world turned all around her
 Em C D
 And every where I go I hear her name

G D G D Em
 Somewhere along the way I don't know why
 G D G D Em
 I thought that I would want to let her go
 G D G D Em
 But now whenever I see her with you I
 G D G Em A
 Realize how much I didn't know

D C G D
 So if you tell her everyday you love her
 D C G D
 And if you tell her everything she could be
 Em C A
 You'll find out that your world will turn around her
 Em C D
 You'll feel the same if you should set her free

D C G D
