

Our Last Goodbye  
Live Classics from the Grand Ole Opry

This is our last goodbye  
The curtain is descending  
This is our last goodbye  
The show has had it's run  
Now it's ending  
I was not the star but  
Mine was an important part  
I gave all that I could give  
There was nothin' left to give  
After I gave my heart

This is our last goodbye  
I'll leave the stage in laughter  
I just can't let her see  
The fool she's made of me  
The tears come after  
I've rehearsed so much that I  
Can't leave the stage and never cry  
This is our last goodbye
