

## Heaven Was A Drink Of Wine

G C  
 That sychoed out psychologist, asked me  
 G  
 about drinking ways,  
 C  
 Everything that he ask me all related back  
 G  
 unto my childhood days.  
 C  
 But if the truth was known, I never took to  
 drinking long, long as she was  
 G  
 mine.

G D  
 But when she left me, I went to hell, and  
 G  
 heaven was a drink of wine.

G C  
 That good doctor said "look at all those ink  
 G  
 spots and tell me what you see".

C  
 Could I help it, if they all looked like,  
 G  
 big ol' broken hearts to me.

C  
 All my friends and kin will tell you, old  
 G  
 Hag ain't the drink'in kind.

G D  
 But when she left me, I went to hell, and  
 G  
 heaven was a drink of wine.

C  
 Get back, get back, get on back and leave me  
 G  
 alone.

C  
 Can't you see that you can't help a man this  
 D  
 far gone. -----(pause)

G C  
 Hey good doctor, I got something you can't  
 G  
 find, in my mind.

G D  
 When she left me, I went to hell, and heaven  
 G  
 was a drink of wine.

G D  
 When she left me, I went to hell, and heaven  
 G  
 was a drink of wine.
