

How Did You Find Me Here
M. Haggard/T. Haggard

INTRO: D

D
How did you find me, how did you know
I'd be here in this hole in the ground
I can't even see out over the edge
Lookin' up from all the way down
I thought I'd been left here to die
When I saw your face appear
What a surprise
How did you find me here

CHORUS:

I thought I could do it, all of it, all by myself
I thought I could win every round
Then I hit rock bottom and the blues I got 'em and you lifted me out of my fear
How did you find me here

SOLO: G D A G A7 D

CHORUS

OUTRO: G D A

Then I hit rock bottom and the blues I got 'em and you lifted me out of the fear
But how did you find me here, thank you Lord
