

I'm Always On A Mountain When I Fall
Album: The Ultimate Collection

Most of my life, I've almost been a winner.
I've come so close but never really won.
Just when I thought I finally made it,
I found myself back where I started from.
I hate to say I'm giving up but I believe,
Losin's just become a way of life for me.
Losin' wouldn't be so bad at all,
But I'm always on a mountain when I fall.

Then you came along and had me, had me believin',
For once in my life my luck had finally changed.
And now you say you're gonna leave me,
Seems everything I do winds up the same.

I hate to say I'm giving up but I believe,
Losin's just become a way of life for me.
Losin' wouldn't be so bad at all,
But I'm always on a mountain when I fall.

Losin' wouldn't be so bad at all,
But I'm always on a mountain when I fall.
