

## I'M AN OLD OLD MAN TRYIN' TO LIVE WHILE I CAN

Said an old man to a good lookin' girl Well I've been around this big wide world  
That home on the hill well honey that's mine  
I've got the money if you've got the time  
Well I'm not too old to cut the mustard anymore  
I can still get around like I did before  
So you come along with me my sweet sweet hon I'm an old man lookin' for fun  
Yeah what I can do now most young men can't  
There's not a town this old boy can't paint  
I can make all the night clubs any old time I may be a little old but I'm doin' all right  
[ steel - guitar ]  
Well I'm not too old to cut the mustard anymore  
I can still get around like I did before  
So come along with me my sweet sweet hon I'm an old old man searchin' for fun  
Don't take me wrong I just want have fun  
Have someone along to help me spend my mon  
Cause you don't live but once so please understand  
That I'm an old old man tryin' to live while I can
