

I THINK I'VE FOUND A WAY

I Think I've Found a Way to Live

I never thought I'd ever conquer my weakness  
'Cause everybody knows that my weakness is you

But the answer came this morning  
Ad you should be the first to hear  
What a simple little thing I have to do.

I think I've found a way to live without you  
I think I've found a way I can get by  
I think I've found a way I can be happy, almost  
And all I have to do is die.

I know everybody wonders  
Why drinking doesn't kill me  
And I myself at times have wondered why  
But drinking never gave me anything near  
That I needed or the nerve it took  
For me to say goodbye.

I think I've found a way to live without you  
I think I've found a way I can get by  
I think I've found a way I can be happy, aw  
And all I have to do is die.

I think I've found a way to live without you  
And all I have to do is die...
