

If You See My Baby
 Recorded by Merle Haggard
 Written by Eddie Miller and Bob Morris
 [3/4 time]

C F
 If you see my baby while making your rounds
 G7 C

In some crowded nightspot or cafe in town

F
 Tell her I miss her and I'm still around

G7 C
 If you see my baby in this lonesome old town

F C
 Tell her to call me when she's all alone

F C G7
 Cause I'm always waiting by my telephone

C F
 I'd still worship the ground where she walks around

G7 C
 If you see my baby in this lonesome old town

F C
 Tell her to call me when she's all alone

F C G7
 Cause I'm always waiting by my telephone

C F
 I'd still worship the ground where she walks around

G7 C
 If you see my baby in this lonesome old town
