

## LOVE KEEPS HANGING ON

Lately I've been losin' the darkness in my hair  
The years are catchin' up with you and me but we don't care  
We're growing old together but we won't be alone  
In lots of ways we fallen off but love keeps hangin' on

Lately I've been watching the sands of time unwind  
The years are catchin' up with you and me but we don't mind  
We're growing old together but we won't be alone  
In a lots of ways we've fallin off but love keeps hangin' on

We still love to dance a slow three quater time  
But my old age won't climb the hills they used to climb  
I could be mistaken but our tender years are gone  
In a lots of ways we've fallin off but love keeps hangin' on

(Instrumental)

I could be mistaken but our tender years are gone  
In a lots of ways we've fallin off but love keeps hangin' on
