G C  
 I don't like to think about tomorrow  
 G D7  
 When you're right here beside me today  
 G7  
 We never speak of future plans  
 C G  
 I know you're a rambling man  
 C D7 G  
 But no one is gonna love you better

C G  
 We might not share those golden years together  
 A7 D7  
 Is there really something called forever  
 G C  
 If we don't break through the storm  
 G C  
 I know someone'll keep you warm  
 G D7 G  
 But no one is gonna love you better

We can't change what's meant to be  
 C G  
 Where the wind will blow the seas  
 C D7 G D7  
 But your love is growing like a weed  
 G  
 I don't care what people say  
 C G  
 If we go our separate ways  
 C D7 G  
 No one is gonna love you better
