

Pretty When it's New
Album: I Am What I Am

Loves always lovely, when first two lovers meet.
Hand in hand, arm in arm, walkin down the street.
Always seen together, in everything they do.
Love is always pretty, when its new.

Love is always special, especially to the heart.
When its love on sight, and all is right, and theres no doubt from the
start.
Before it starts to crumble, therell be many shades of blue.
Ah, but love is always pretty when its new.

Love is always pretty, when its new.
Hey, theres nothing bad about it, til your lover says, Were through.
Old loves even sweeter, that old sayings really true.
Love is always pretty when its new.

Love is always pretty, when its new.
Hey, theres nothing bad about it, til your lover says, Were through.
Old loves even sweeter, that old sayings really true.
Love is always pretty when its new.
