

Truck Driver's Blues

Album: Working in Tennessee

I've got these truck driver's blues
The kind you can't lose if you ain't drivin'
Through mountains and valleys
And back into alleys too small

Man, I got these truck driver's blues
The kind you can't lose if you ain't movin'
And huggin' the white line
And makin' you some kind of haul

I got no one to blame
'Cause I love the four lane I'm on
I've got the heart of a gypsy
And the soul of the vagabond

And I got these truck driver's blues
The kind you can't lose if you ain't doggin' and loggin'
And rollin' these doubles
And draggin' the trailer too tall

Got these truck driver's blues
The kind you can't lose if you ain't drivin'
Through mountains and valleys
Back in through alleys too small

Huggin' the white line
And makin' me some kind of haul
Honey, I'm missin' you
And singin' these truck driver's blues
Yeah, truck driver's blues
