

Cream of Mush

By:Pins and Needles:

composed by Harold Rome

I'll never wander from home again;
I never, never will roam again.
Peace in your arms is near
With a heart full of love and you, baby dear.
We'll be united in sweet romance
With skies as sunny as those of France.
Castles in Spain appear
With a heart full of love and you, baby dear.
We'll have a New Deal for happiness.
You'll be my sweet princess,
And you won't need no hints
As to who's your fairy prince.
And when the Red sun sets in the west,
We'll be so happy in our love nest.
Heaven on earth is near
With a heart full of love and you, baby dear.
