

Race You Down the Mountain

By:Woody Guthrie

I'll race you down the mountain;
I'll race you down the mountain;
I'll race you down the mountain;
We'll see who get's there first.

I'll chase you round the bushes;
I'll chase you round the bushes;
I'll chase you round the bushes;
We'll see who gets there first.

Let's run and jump the river;
Let's run and jump the river;
Let's run and jump the river;
We'll see who gets there first.

I hear myself a-huffing,
A-huffing and a-puffing;
I hear myself a-huffing;
We'll see who gets there first.

Let's rest beside the water;
Let's rest beside the water;
Let's rest beside the water;
We'll see who gets there first.

Now, I'll race you down the mountain;
I'll race you down the mountain;
I'll race you down the mountain;
We'll see who gets there first.
