

Gonna Love Ya (Till The Cows Come Home)  
Album: Heart To Heart  
Reba McEntire

Gonna love ya till the cows come home  
Gonna love ya baby all night long  
Gonna love ya lordy me oh my  
Gonna love ya till the day I die

Take your time morning is far away  
And the moon's leaning into the night  
So we won't be needing the light

So gonna love ya till the cows come home  
Gonna love ya baby all night long  
Gonna love ya lordy me oh my  
Gonna love ya till the day I die

Now you're mine  
There's no chance to run away  
While the stars are all turning to you  
Tell you what I'm gonna do

Oh gonna love ya till the cows come home  
Gonna love ya baby all night long  
Gonna love ya lordy me oh my  
Gonna love ya till the day I die

Tell me now  
It's love that you're feeling  
Fill my soul like you're filling my arms

Oh gonna love ya till the cows come home  
Gonna love ya baby all night long  
Gonna love ya lordy me oh my  
Gonna love ya till the day I die

Gonna love ya till the cows come home  
Gonna love ya baby all night long  
Gonna love ya lordy me oh my  
Gonna love ya till the day I die
