

Lovin You, Lovin Me
Album:Oklahoma Girl
Reba McEntire

I'm loving you baby
Loving me, Loving you, Loving me
And I'm inclined just to let it be let it be
I'm a loving you, loving you, lovin me

Well I'm loving you baby loving you
Loving you loving me
And I'm inclined just to let it be, let it be
I'm a loving you, loving you, loving me

Once was living life alone
Once was living but the life was gone
Once my life was just a bad routine
When you're doing it by yourself life's such a lonely thing

I'm loving you baby
Loving me, Loving you, Loving me
And I'm inclined just to let it be let it be
I'm a loving you, loving you, lovin me

I'm loving you baby
Loving me, Loving you, Loving me
And I'm inclined just to let it be let it be
I'm a loving you, loving you, lovin me

I'm loving you baby
Loving me, Loving you, Loving me
And I'm inclined just to let it be let it be
I'm a loving you, loving you, lovin me
