

Changing Heart chords
The Byrds (Gene Clark)

C Am 2x

C Am Dm
You can tell a changing heart;
F C G
their face a smile and yet there is no joy
C Am Dm
They look for wealth no matter what the cost;
F C G
you're someone else that they might just destroy

Am D7
So many people gather round,
Dm
a thousand voices lift their praise,
F
for you have reached the top,
C G
so they give you all they got
Am D7
But when you're singing from the soul,
Dm
they fail to see your final goal,
F
they only tell you that,
C G
you have a long ways left to go

C Am
So you rhyme the changing rhyme;
Dm F C G
with one wheel spinning and one on the ground
C Am Dm
Then falling victim to the game of time;
F C G
you place your name out in the lost and the found

Am D7
So many people gather round,
Dm
a thousand voices lift their praise,
F
for you have reached the top,
C G
so they give you all they got
Am D7
But when you're singing from the soul,
Dm
they fail to see your final goal,
F
they only tell you that,
C G
you have a long ways left to go

C Am Dm F C G
