

## Mirage chords

Tommy James and the Shondells \*

A D E A

A D E  
I see you standing in the alleys and the hallways (wait a second!)

A  
You're gone now

A D E  
I run to touch you but you vanish through the doorways

A  
And oh how

E  
Hard it is to live without you, I loved everything about you

G  
Now I know you're really gone, but my imagination

A  
Is so strong

C#m  
That I see you comin' into view

A C#m  
And your face is tellin' me that you

F#m E  
Oh, yeah, oh, want to be by my side

F#m E  
Oh, yeah, oh, now it finally died

A D E  
Mirage, that's all you are to me

A D Bm E  
Mirage, something I only see

A D E  
So I keep walking through the alleys and the hallways

A  
Where are you

A D E  
I keep remembering the kissing in the doorways

A  
The car, too

E  
How it all comes back to me, the movies every Saturday

G  
The place we used to go to eat, I want so much to have it

A  
Like it used to be

C#m  
That I see you comin' into view

A C#m  
And your face is tellin' me that you

F#m E  
Oh, yeah, oh, want to be by my side

F#m E  
Oh, yeah, oh, now it finally died

A D E  
Mirage, that's all you are to me

A D Bm E  
Mirage, something I only see

A D E A  
Just a mirage, (just a mirage) that's all you are to me

A D E A  
Just a mirage, (just a mirage) something that I only see 3x
