

Somebody chords
The Eagles *

Bb Gm Bb Dm Am A Dm 2x

You feel bad, but not bad enough
You know you had it coming, because you played so rough
Back over your shoulder, got an icy chill
Man, you thought you'd get away with it;
now you know you never will

Somebody, somebody;
you got a feeling somebody's following you

No one knows, about the times you had
You've been so evil; you know, you've been so bad
There's a devil to pay, for what you put them through
You got a feeling, somebody's following you

Somebody,(oo somebody) somebody;(oo somebody)
you got a feeling somebody's following you
Somebody,(you let somebody) somebody; ,(you let somebody)
you got a feeling somebody's following you

Gm Dm Am A Dm 2x

There's a jack-o-lantern moon, in the midnight sky
Somebody gonna live, somebody gonna die
But down in the graveyard, on that old tombstone
There's a big black crow and it's calling you home

Somebody,(oo somebody) somebody;(oo somebody)
you got a feeling somebody's following you
Somebody, somebody;

Somebody,(you let somebody) somebody; ,(you let somebody)
you got a feeling somebody's following you

somebody dont let somebody
