

# Where Love Has Gone

Words & Music by Sammy Cahn & James Van Heusen

Recorded by Bobby Darin, 1964

E A9 A AM7 A A9 A AM7 Cdim  
There must be a place, a place where love has gone,

Cdim Fdim D9 D6 D9 Fdim E7-9  
A bright, shiny world, some - where where love has gone,

Fdim Bm7-5 A A7 D9 D6  
Where dreams and desires as cold as yesterday's fires

Dm6 F#7  
Start to blaze anew.

Fdim Am A E  
There must be a star gleaming in space

Fdim Am A9 Am Cdim E  
That doesn't grow dim with each last em - brace.

E D9 B7 A AM7  
They say love's gone when it goes,

A7 E7-9 F#7  
And I'm nave I suppose.

F#7 Bm7-5 F#7 D D9 Fdim Bm Dm  
There may not be such a place, there may not be such a star,

Dm6 A F#m A B7 Cdim  
But still my fool of a heart just leads me on;

A9 A F#m D  
It wants to be there, there with you

E E7-9 E7 A  
Where love has gone,

A A9 A F Cdim Fdim Cdim Fdim A  
To that bright and shiny world where love has gone,

A A9 A D9 Gdim E Bm7-5 E7-9 E7 A  
To that gone for - ev - er world where love has gone.
