

O, we're going on board the Roseabella
The Roseabella

|: O, we're going on board the Roseabella :|
We're going on board, right down to board
The saucy Roseabella

2. |: Farewell ye ladies of London town :|
We hate to leave, but we're going on down
To board the Roseabella

3. |: She's a deep water ship with a deep water crew :|
She could hug the shore, but damned if we do
Aboard the Roseabella

4. |: Around Cape Horn where the dolphins play :|
Around Cape Horn is a mighty long way
Aboard the Roseabella

5. |: Pretty Nancy is my love true :|
She could handle this bully crew
Aboard the Roseabella

6. |: Nancy brought whiskey for all the crew :|
She wanted to see which man would do
Aboard the Roseabella
