

Pete's Song

Words and music by Pete Seeger (2001)

There are three things
Most beautiful
In all the world we know
Nay, there are four
So wonderful
For mortal eyes to behold.

A bird on the wing
A snake on the rock
And a man and a maid in love
One more thing, yes, one more thing
And a ship under sail plowing the waves.

We'll never know all the hows and whys
But we know that were here
And if we believe God gave us gifts
Hed want us to use them now
Today, this year.

To build a world where all can share
The big and small, the low and high
We'll never know if we will succeed
But I believe that we must try.
