

## Makin' Coffee

Makin' Coffee

(collected from Redmond O'Connell)

We've had some downers  
We've had some booze  
We've had a fourteen-hour snooze  
No more excuses  
No more abuses  
We're makin' coffee

My mouth is cotton  
My eyes are red  
And I've forgotten what I just said  
We'll throw the drugs out  
We'll get the mugs out  
And make some coffee

Spit out the pills you've taken  
Cancel your plans to drop  
Frying our brains like bacon  
Simply has got to stop

So don't be seedy  
We'll both reform  
We'll join the mediocre norm  
We'll get our rocks off  
We'll read the stocks off  
And make some coffee
