

Change it (Revolution)

Well everybody's saying their favourite sayings
Everybody's singing their favourite songs
Everybody's got a favourite game they're playing
Well ha, we're alright, but I guess we're all wrong

I said you better take a look around you brother
Something's happening here
Sooner or later it's gonna surround you
And leave you with nothing but fear

All you gotta do is hang around
Tell you you're never gonna know
What's going down
Changing, changing children
Changing, changing children
Changing, changing children
Changing, changing children

Bring it on down
Bring it on down now
Bring it on down

Yeah well now I know that we all wanna change it
I tell you first, first we gotta rearrange it
No one in here wants to be, be selfish so
We got the first five people here that can see
And there ain't no one in the back that can't see at all
Ok, alright now let me say something to you

Well there's cannons on my left, I got cannons on my right
Rode my people out of battle 'till the side was right
And you know I only path that's bringing 'em low now, can't you see the
light
Oh doing what you want to, living life like you like

Hey look you better take a look around you
Something's gonna happen here
Sooner or later we're gonna surround you
And leave them with nothing but fear

All you gotta do is hang around
Tell you you're never gonna know
Just what's going down
You ain't never gonna know

I think we're gonna take our first clapping lesson here
The trick is to clap in time
Whoa whoa it's that time again
Whoa yeah it's that time again
Whoa whoa it's that time again
Whoa yeah it's that time again
I ain't felt like this since I don't know when
A new sun is rising and the weather is changing
Whoa whoa it's revolution
Whoa whoa it's revolution
Yeah yeah it's revolution
Whoa whoa it's revolution
So lets get together and have a good time
There's so much fun it's gonna blow your mind
Break out the guns and the ammo
Everything's gonna be fine
Break out the guns and the ammo
We're gonna have ourselves a real good time
Whoa whoa its that time again (for revolution)
Whoa whoa its that time again (for revolution)

Yeah yeah its that time again (for revolution)
 Whoa whoa its that time again (for revolution)
 Whoa whoa its that time again (for revolution)
 Yeah yeah its that time again (for revolution)
 Yeah yeah its that time again (for revolution)
 Whoa whoa its that time again (for revolution)

So take LSD and hawk the pigs
 The summer is over gonna make it big
 Ta ta ta ta ta ta ta ta
 Ta ta ta ta ta ta ta ta

Changing, changing children
 Changing, changing children
 Well everybody's saying their favourite sayings
 Everybody's singing their favourite songs
 Everybody's got a favourite game that they're playing
 Everybody's right Lord, and huh we're all wrong
 Oh but we can fix that up
 We can amend that mistake
 Well you know I made a lot of mistakes in my life
 Stepped on a few toes too
 Well I made a lot of mistakes in my life
 The Lord god up above knows that's true
 Changing, we got to change ourselves oh yeah
 From all the destruction
 From all the corruption
 Oh yeah
 Alright yeah
 Lets do it
 We got to change it now

Changing, changing children
 Changing, changing children
 Changing, changing children
 Changing, changing children

Changing, changing
 Changing, changing
 Changing, changing
 Changing, changing

Oh you got to change
 You want to change
 Changing, changing children
 Changing, changing children
 Changing, changing children
 Changing, changing children

Changing, changing children
 Changing, changing children
 Changing, changing children
 Changing, changing children
