

## Cheap Motel

(Joe Grushecky-crd)

Em G C G x2

Em G  
I've been drifting from state to state  
C G  
From town to town chasing my fate  
Em G  
Working just enough to sleep and eat  
C G  
A man never knows who he might meet

D G  
At a cheap motel - cheap motel  
C G  
Where I've been I'll never tell  
D G  
Riding down the highway bound straight for hell  
C N.C. Em G C G  
And check into a cheap motel

I had a girl once but it didn't work out  
She wasn't happy traveling about  
She expected too much of me  
She wanted a home and security

Instead of cheap motels - cheap motels  
Where I've been I'll never tell  
Riding down the highway bound straight for hell  
And check into a cheap motel - a cheap motel

From the Motel Six in Tucson, Arizona

To the Do Drop In in Lawton, Oklahoma

Going to spend my winters in New Mexico

Where the nights are long and the days are slow

The nights are long and the days are slow  
Em G C G x2  
The cops come knocking one day at dawn  
And I got arrested for building a bomb  
Two days later they cleared the cell  
And drove me back to this cheap motel  
Cheap motel, cheap motel  
Where I've been I'll never tell  
Riding down the highway bound straight for hell  
And check into a cheap motel
