Cynthia, when you come walking by you're an inspiring sight

D C G D C G
Cynthia, you won't smile or say hi but baby that's alright

C D C D C
'Cause I don't need to hold you or taste your kiss

G D C G
I just like knowing, Cynthia, you exist

D C G
In a world like this

D C G D C G
Cynthia, when you pass it seems like this whole town drops

D C G D
Cynthia, or maybe it's just baby and these fools stuck here punchin' this
