

Dancing in the dark

I get up in the evening,
and I aint got nothing to say
I come home in the morning,
I go to bed feeling the same way
I aint nothing but tired,
man Im just tired and bored with myself
Hey there baby, I could use just a little help

You cant start a fire, you cant start a fire without a spark
This guns for hire even if were just dancing in the dark

Message keeps getting clearer,
radios on and Im moving round the place
I check myself out in the mirror
I wanna change my clothes my hair my face
Man I aint getting nowhere
just sitting in a dump like this
Theres something happening somewhere
baby I just know that there is

You cant start a fire...

You sit around getting older
theres a joke here somewhere and its on me
Ill shake this world off my shoulders
come baby this laughs on me

Stay on the streets of this town
and theyll be carving you up alright
They say you got to stay hungry
hey baby Im just about starving tonight
Im dying for some action
Im sick of sitting round here
trying to write this book
I need a love reaction
come on now baby give me just one look

You cant start a fire..
