

Love is a dangerous thing

Followed you home baby late last night
Seen you walking in the dark
Sat outside baby, outside your house
Sat outside in my car
Baby, lookin' through the window
Baby don't go away
Don't trust strangers
I told you don't talk to strangers
Baby don't talk to strangers
Love is a dangerous thing

You see me looking and the lights go out
You see me looking and out go the lights
Feel you baby ???
??? squeezin' you tight
???
Don't trust strangers
Don't trust strangers
Baby don't trust strangers
Love is a dangerous thing

Yeah ??? alone
??? telephone
???
??? taking the blame
Yeah they come a knockin' in the middle of the night
???
You better watch out baby ???
Or you'll be slowly twisting in the wind
Don't talk to strangers
I told you don't talk to strangers
Baby don't talk to strangers
Love is a dangerous thing
Love is a dangerous thing
Baby love is a dangerous thing
I said love is a dangerous thing

Eve tempted Adam with an apple
You know the story in the end
Yeah Delilah took on Samson
Delilah she took on Samson
And left him slowly twisting in the wind
Dont trust strangers
Dont trust strangers
Dont trust strangers
Love is a dangerous thing

Eve tempted Adam with an apple[1]
You know how that story ends
Samson...Delilah tempted Samson
She left him slowly twisting in the wind
Dont trust strangers
Dont trust strangers
Dont trust strangers
Love is a dangerous thing
Love is a dangerous thing
Love is a dangerous thing
Love is a dangerous thing
