

Miner's Refrain

CAPO 1

G

In the black dust towns of east Tennessee

D G

All the work's about the same

G

And you may not go to the job in the ground

D

G

But you learn the miner's refrain

CHORUS:

G

I'm down in a hole, I'm down in a hole,

D G

Down in a deep, dark hole

G

I'm down in a hole, I'm down in a hole,

D G

Down in a deep, dark hole

VERSE 2:

G

When you search the rain for the silver cloud

D G

And you wait on days of gold

G

When you pitch to the bottom

And the dirt comes down

D G

You cry so cold, so cold

CHORUS:

G

I'm down in a hole, I'm down in a hole,

D G

Down in a deep, dark hole

G

I'm down in a hole, I'm down in a hole,

D G

Down in a deep, dark hole

VERSE 3:

G

Now there's something good in a worried song

D G

For the trouble in your soul

G

'Cause a worried man who's been a long way down

D G

Down in a deep dark hole

CHORUS:

G

I'm down in a hole, I'm down in a hole,

D G

Down in a deep, dark hole

G

I'm down in a hole, I'm down in a hole,

D G

Down in a deep, dark hole

D G

I'm down in a deep, dark hole
