

**Talking In Your Sleep****Talking In Your Sleep**

(G) I heard you talking in your (Em) sleep,  
Is there (C) anything that (G) I can do,  
I (C) don't believe we've (G) had a word all (D) day,  
'Bout any-(G)-thing at all,

I heard you talking in the (Em) night,  
That's (C) right, yes I (G) heard you call,  
Though (C) I could hardly (G) hear the name you (D) spoke,  
It's a name I (G) don't recall,

(C) I heard you softly (G) whisper,  
(C) I reached out to (D) hold you near me,  
(G) Then from your lips there (C) came that (G) secret,  
I was not supposed to (D) know,

(G) I heard you talking in your (Em) sleep,  
Is there (C) anything that (G) I can say,  
I (C) don't believe we've (G) had a word all (D) day,  
'Bout any-(G)-thing at all,

(C) I heard you softly (G) whisper,  
(C) I reached out to (D) hold you near me,
