

A New Way To Cry

Written and recorded by Willie Nelson

C G7
All my tears have fallen I can cry no more
I've cried so much since you have said goodbye C
The pressure keeps on building up within my heart G7
It grows and grows but still my eyes are dry C
Though my heart is breakin' tears refuse to start G7
So I've got to find a new way to cry C

F C
I've got to find a new way to relieve the pain
It just can't stay forever locked inside G7
And until I forget you and can smile again C
I've got to find a new way to cry C

Repeat #2
