

Forgiving You Was Easy

C
 Forgiving you was easy but forgetting
 F
 Seems to take the longest time
 G7
 I just keep thinking
 C
 And your memory is forever on my mind

 You know I'll always love you
 F
 And I can't forget the days when you were mine
 G7
 Forgiving you is easy
 C
 But forgetting seems to take the longest time

The bitter fruit of anger growing
 F
 Growing from the seeds of jealousy
 G7
 Oh what a heartache but I forgive
 C
 The things you said to me

 Cause I believe forgiving
 F
 Is the only way that I'll find peace of mind
 G7
 And forgiving you is easy
 C
 But forgetting seems to take the longest time

 The years have passed so quickly as once again
 F
 Fate steals a young man's dreams
 G7
 Of all the golden years
 C
 And growing old together you and me

You asked me to forgive you
 F
 You said there was another on your mind
 G7
 Forgiving you is easy
 C
 But forgetting seems to take the longest time

 G7
 Forgiving you is easy
 C
 But forgetting seems to take the longest time
