Toolie Oolie Doolie (The Yodel Polka) Lyrics

When a fella meets a girl in Switzerland
There's a certain thing he's gotta do
He can never, never take her by the hand
Till he learns to toolie oolie doo

When a Swiss boy goes calling
On a Swiss miss in June
Toolie oolie doolie doo
He sings this pretty tune
And he charms her like magic
When he yodels this tune
Toolie oolie doolie doo
Beneath the Alpine moon

The echo
Goes higher
And higher
And soon their hearts are both on fire

When you get lonely
Now you know what to do
Toolie oolie doolie doo
And make your dreams come true

----- instrumental break -----

The echo (the echo)
Goes higher (goes higher)
And higher (and higher)
And soon their hearts are both on fire

When you get lonely
Now you know what to do
Toolie oolie doolie doo
And make your dreams come true

Toolie oolie doolie doo
And make your dreams come true
