(Look Over) Yonder's Wall

Freddy King, Arthur 'Big Boy' Crudup

Darling, look on yonder's wall  
Hand me down my walking cane  
Yes, look on yonder's wall  
Hand me down my walking cane  
I got to find me another woman  
Baby, yonder comes your man  
Darling, I know your man he went to war  
I believe he fared mighty tough  
Don't know how many men he killed  
But I believe he killed enough

Ah do I love you, baby  
And I love you for myself  
Fooling around now with you, babe  
I can't get nobody else

Yes, now that's all right  
All right for you  
That's all right, baby  
Any way you do
