D G D G

Intro.: | | | | |

D **G**
I saw you at the football games, everybody knew your name
D **G**
Once or twice I'd see you smile at me
D **G**
I was scared to ask you out, I was sure that you would turn me down
D **G**
But I took that chance, 'cause how would that be
A **G**
Then what do you know, you said you'd go and there we were

Chorus

D **F#m**
Walking barefoot down by the water
Em **F#m**
Sun was hot, but you made it hotter
G **D**
Found that shade tree there by the riverbank
D **F#m**
Sitting there, our toes all muddy
Em **F#m**
That first kiss was sweeter than honey
G **A**
And every time that I look back, I say
G
Man, that was a good day

D **G**
The one we know we'll always hold on to
D **G**
I've had my days, good and bad, but the best ones that I've had
D **G**
Always seem to start and end with you
A **G**
Yeah, those are the times, I know that I won't for-get

Choru

D **F#m**
Like that July 4th hugged up by the levy

You squeezed me hard and told me you loved me

Fireworks flying taking our breath away

Felt like we were melting to-gether

Thinking I could do this for-ever
