

Bluegrass Songs - Lyrics

Brand new broken heart

Life to me is just a heartache
Since the day you said goodbye
Now I've nothing left to live for
All do is sit and cry

I can't out live the memory of you
Since the day we had to part
All I have just a memory
And a brand new broken heart

All I have is just a memory
A picture painted in my heart
It hurts to know you're gone forever
And forever more we'll be apart

* Refrain
