**Brother I'm getting ready to go**

The lordy's saved me, I want the world to know  
I'm on my way to glory land  
There I'll see Jesus and take Him by the hand  
Brother I'm getting ready to go

I'm getting ready to go I know  
I'm leaving this world here below  
Ain't nothing in this world can turn me back I know  
Brother I'm getting ready to go

Say there wake up while yet you have time  
And in the glory land wave  
Jesus will hear you and answer your call  
Get ready to meet him today

\* Refrain

Brother don't wait till it is too late  
Jesus might call for you today  
It's swful to know when you leave this old world below  
If you are not ready to go

\* Refrain
