

**Bluegrass Songs - Lyrics**

**Burry me beneath the pines**

So bury me under the lonesome pine tree  
There they'll forever sway over me  
There I can hear the sound of the lonesome dove  
In that beautiful land of peace and love

These lonesome pines are calling me home  
Never again will I ever roam  
They'll carry me home and put me to rest  
In that mighty fine land that I love best

\* Refrain

For years I've been away but the time has come today  
I'll return to my homeland never to stray  
For the rest of my days I'll rest in peace  
And never again no one to please

\* Refrain
