**Deeper and deeper**

Old freind, you've been gone too long  
Yesterday I sang one of your songs  
Well and it made me remember  
Like a boit out of the blue  
First there's life and then there's you  
I love you

Deeper and deeper as time hurries by  
Steeper and steeper the paths of our lives  
Where we are going and where we have been  
All of us waiting ot come back again

And when I see you again  
We'll speak the words that are spoken by freinds  
How are you, well missed you  
But not until you're gone away  
Will find the words to say  
I love you
