End of the line

True love it has been untill now, dear
They tell me that true love is blind
But right now I see
It's as plain as can be
You've come to the end of the line

You though you would leave me broaken hearted
You though you would leave me way behinde
Well I've paid my fare
You've had more than your share
You've come to the end of the line

You've rode fore half fare until now dear
But you boarded the wrong bus this time
So I have transfare for you
Well you made me blue
You've come to the end of the line

You though you would leave me broken hearted
You though you that would break this heart of mine
Well I've has enough
You can pack up your stuff
You've come to the end of the line

Well I've had enough
You con pack up your stuff
You've come to the end of the line
