

Bluegrass Songs - Lyrics

Fastest grass alive

The most wanted fastest grass alive
Livin' on somewhere on that mountain side
Finger picking good kentucky side
Wanted fastest grass alive

Up rocky top there live the brede brothers
Alvis, Rufus, Festus, Fred and little will
They can lay that a gluegrass down
Sicker than a blue tip hound
And sweeter than the moonshine from their still

* Refrain

The sheriff sent a posse up that mountain
He said place them bred'n boy under arrest
But the posse went stone blind on music and moonshine
They must be up there cause friend
They ain't come down the mountain yet

* Refrain
