

**Bluegrass Songs - Lyrics**  
**www.traditionalmusic.co.uk**

**Find 'em, fool 'em and leave 'em alone**

Now boys gather 'round, take a tip form me  
I'm sure that you will all agree  
If you let a gal foot you with fate  
You'll soon be swinging on the golden gate

You'll miss out on all the fun  
If you make love to only one  
You'd better take heed to my little song  
Find 'em, fool 'em and leave 'em alone

That little love bug is the cutest thing  
At first its sweet but it makes its sting  
You'll find the wound is hard to treat  
Be sure you play this little game neat

\* Refrain

Now if you find a gal you like  
Just date her once but no more than twice  
If you don't watch her little ways  
She'll spoil your happy ramblin' day

\* Refrain
