

Bluegrass Songs - Lyrics
www.traditionalmusic.co.uk

From your heart to mine

It was only yesterday that I heard you say
You wanted me more than silver or gold
Now another's love you have and our love has grown cold
It's a long way from your heart to mine

It's a long long way from your heart to mine
I didn't really mean to be unkind
But I cheated and I lied and I ever made you cry
It's a long way from your heart to mine

It was such a short time from the day we met
I held you closely in my arms
Then you went away and I went astray
It's a long way from your heart to mine

* Refrain
