

Bluegrass Songs - Lyrics

Going home to stay

Going to my home in the mountains
The mountains is where I want to be
You know I've never been happy
Since I left those hills of Tennessee

Went away from home to save my mind
Rorty years and I feel like eighty-nine
Going back home, going to stay
Where me and my guitar will sing and play

Going up in holler
Head up a moonshine still
I'll be so happy when I get there
Gonna dance all over them hills

* Refrain

Don't know why I ever left there
Must have been out of my mind
Ror staying away from the mountains
When I wanted to go back all the time

* Refrain
